EVOLUTION VISION AWARD 2022 LONE SCHERFIG

Celebrated Danish director and writer Lone Scherfig will receive EMIFF's EVOLUTION VISION Award this year.

Scherfig made her international breakthrough in 2000 with the film *Italian for Beginners*, which won several awards, including the Jury Grand Prix Silver Bear award at the Berlin International Film Festival. Her best-known works include *One Day*, starring Anne Hathaway and Jim Sturgess, and the Oscar-nominated and BAFTA-winning 2009 film *An Education*, starring Carey Mulligan, for which Scherfig was nominated for both a BAFTA and a British Independent Film Award for Best Director. Her next film will be *The Movie Teller*, starring Daniel Brühl, Antonio de la Torre, and Bérénice Bejo.

"Lone could not be a better representation of the spirit of the EMIFF VISION Award. Not only is her approach to storytelling unique and universally engaging, but her work also breaks boundaries, inspiring female filmmakers around the world." Sandra Lipski, Director of EMIFF

La reconeguda directora i guionista Lone Scherfig rebrà el premi EVOLUTION VISION de l'EMIFF aquest any.

*Scherfig va fer el salt internacional l'any 2000 amb la pel·lícula *Italiano para principiantes*, que va guanyar diferents premis com l'Os de Plata - Gran Premi del Jurat en el Festival Internacional de Cinema de Berlín. Els seus treballs més coneguts són *One Day*, amb la interpretació d'Anne Hathaway i Jim Sturgess; i la nominada a l'Oscar i premiada amb el BAFTA, *An Education* (2009), amb la interpretació de Carey Mulligan. Per aquest treball, Scherfig va ser nominada al BAFTA i al British Independent Film Award a Millor Direcció. El seu proper film serà *The movie teller*, amb Daniel Brühl, Bérénice Bejo i l'actor espanyol Antonio de la Torre.*

Lone no podria ser una millor representació de l'esperit del premi VISION de l'EMIFF, no només per la seva manera única i universal de contar històries, sinó perquè el seu treball trenca barreres i inspira a dones cineastes de tot el món.

There was a period of time in the 90s when Pez dispensers were worth more, gram-for-gram, than cocaine or even gold. During this magical time, a small-town farmer and factory worker lived his wildest dreams, smuggling Pez dispensers into the USA from Eastern Europe and making millions of dollars.

Hi va haver un temps als anys noranta en què els dispensadors Pez foren més valuosos, pel seu preu al pes, que la cocaïna o fins i tot l'or. En aquesta època màgica, un pagès d'un petit poble i empleat a una fàbrica va viure el seu somni més esbojarrat, fent contraban de dispensadors Pez als Estats Units des d'Europa de l'Est i guanyant milions de dòlars.
